

Moe's Southwest Grill

Every approved keto pick • net carbs as modified • say it exactly like the orange lines

Moe's can work for keto if you convert burritos, tacos, bowls, salads, and even nachos into no-tortilla/no-chip bowls and remove rice and beans. Best orders are protein-based bowls or salads with cheese, sour cream, guacamole, queso, pico, lettuce, olives, and low-carb dressing. Avoid quesadillas, stacks, cookies, rice, beans, and sugary drinks.
