

Panda Express

Every approved keto pick • net carbs as modified • say it exactly like the orange lines

Panda Express is challenging for strict keto because most entrées use sweet sauces, breading, rice, or noodles. The safest strategy is to build a Bowl or Plate with Super Greens and a lower-carb protein such as Grilled Teriyaki Chicken with no sauce, Black Pepper steak, Mushroom Chicken, String Bean Chicken Breast, Broccoli Beef, or Black Pepper Chicken with light sauce. Avoid rice, chow mein, rangoons, egg rolls, Orange Chicken, Beijing Beef, Honey Walnut Shrimp, sweet drinks, and any crispy or honey-glazed item.
