

TGI Fridays

Every approved keto pick • net carbs as modified • say it exactly like the orange lines

TGI Fridays can work for keto if you build meals around steak, grilled salmon, grilled/traditional wings, bunless burgers, modified salads, and non-starchy sides like Lemon-Butter Broccoli. The main hazards are whiskey glaze, BBQ sauce, breading, pasta, fries, rice, potatoes, desserts, and sugary drinks, so order sauces on the side and replace starches with broccoli or salad.
