

Texas Roadhouse

Every approved keto pick • net carbs as modified • say it exactly like the orange lines

Texas Roadhouse can work well for keto if you focus on steaks, grilled salmon, grilled chicken, pork chops, and shrimp while skipping rolls, rice, potatoes, fries, and sweet BBQ sauce. Fried appetizers, Chicken Critters, country-fried entrées, desserts, margaritas, juices, and sugary specialty drinks should be avoided for a 20g/day carb goal.
