

Boston Fish and Chicken Market

Every approved keto pick • net carbs as modified • say it exactly like the orange lines

Boston Fish and Chicken Market is mostly fried fish, fried chicken, fried shrimp, nuggets, fries, hush puppies, and other starches, so keto choices are very limited. The best option is traditional bone-in wings ordered hot/mild/spicy or lemon pepper, with no sweet sauce, no southern fried coating, no side, and water. Avoid all fried fish, shrimp, chicken, nuggets, boneless wings, fries, hush puppies, okra, onion rings, potato salad, lemonade, and fruit punch.
